

Land Surveying Employment Opportunities Available

3D Land Surveying, Inc. is looking for career-minded individuals interested in a ground floor opportunity with a fast growing company located in the heart of Greenville, SC. We are looking for people who have experience in Land Surveying and have an interest in learning and growing with a dynamic company. We are interested in Licensed Land Surveyors, LSIT Candidates, Drafters, Party Chiefs and Field Personnel. We perform all types of Land Surveys such as A.L.T.A.'s, Boundary's, Topographic, Control Surveys for Photogrammetry Surveys, Construction Layout and more. We offer competitive salaries, health insurance, paid holidays, simple IRA and semi-annual bonuses.

We are located in Greenville, SC, which is one of the fastest growing areas of the country. Still a small town, Greenville is situated just 2 hours from Atlanta, GA and 1-½ hours from Charlotte, NC. Greenville lies in the foothills of the Blue Ridge Mountains where we experience all four seasons without the extremes experienced throughout the rest of the nation. We have short winters, long springs, average temperatures in the summer and long autumns. Greenville is a great place to live, work and play, and a great place to create a family life and rear children. Greenville boasts one of the prettiest Main Streets and has the only suspension bridge of its type in the country that allows you to experience the downtown waterfalls with an unobstructed view. There is so much to see and do in Greenville and the surrounding areas.
